Engineers

Selections, spec language, and submittals.

Contractors

Quoting, coordination, and startup support across New England.

Facilities

Owner's training, product support, and preventative maintenance.

FEATURED LINES

Fan coils, water-source heat pumps, GRDs, terminals, and electric coils — workhorse air equipment for New England projects.

HVAC and medium-voltage VFDs with Matrix ultra-low harmonic technology.

Hydronic Heating Equipment — Fin Tube Radiation, Cabinet Unit Heaters, Unit Heaters.

COMPLETE PORTFOLIO

AIRSIDE, TERMINAL & AHU

Fan coils, WSHPs, GRDs, terminals, and electric coils.

U.S.-made SOHO trench heat and underfloor air distribution.

Custom AHUs, MAUs, and clean-air filter boxes.

Fan coils, water-source heat pumps, and terminal products.

Critical-environment AHUs, fan coils, classroom unit ventilators.

High-wall and ceiling cassette-style fan-coil units.

DRIVES, POWER & IAQ

HVAC and MV VFDs with Matrix ultra-low harmonic technology.

Line-side and load-side power quality and harmonic filters for

Hydroxyl air + surface purification and commercial odor control.

Energy recovery ventilators for New England buildings.

HYDRONIC & RADIANT

Finned-tube, cabinet heaters, and radiant panels.

Commercial boilers and water heaters.

High-efficiency commercial HVAC pumps and hydronic

Radiant floor and snow-melt systems.

Hydronic flow-control packages.

Induction Units & Panel Radiators

ELECTRIC HEAT & AIR MOVEMENT

Architectural, commercial, and industrial air curtains.

Commercial electric heating and ventilation — floor to ceiling.

Brasch

Duct coils, heat trace, wash-down and XP heaters.

Electric baseboard, convectors, and wall heaters.

Makeup air, fresh-air heaters, and HVAC controls.

Draft barriers, pedestal heaters, and convectors.

LINE	PRIMARY PRODUCTS	APPLICATION
Nailor Industries	Fan coils, WSHPs, GRDs, terminals, electric coils	Multifamily, hotels, offices, healthcare, schools
Yaskawa	HVAC / MV VFDs · Matrix ultra-low harmonic	Hospitals, labs, plants, towers, generator sites
Zehnder Rittling	Fin tube, cabinet & unit heaters, convectors	Perimeter heat, schools, offices, vestibules
Zehnder	Chilled beams, radiant heating & cooling	Offices, labs, healthcare, quiet classrooms
Engineered Comfort	Fan coils, WSHPs, terminal products	Multifamily, hotels, dorms, commercial
AirFixture	SOHO trench heat, underfloor air distribution	Raised-floor offices, UFAD, perimeter zones
Magic Aire	AHUs, fan coils, classroom unit ventilators	K-12 classrooms, healthcare, critical air
Multi-Aqua	High-wall & cassette fan-coil units	Retrofits, hotels, condos, ductless zones
Thermal Corporation	Custom AHUs, MAUs, clean-air filter boxes	Labs, healthcare, makeup air, process
Delta	Energy recovery ventilators	Schools, offices, multifamily ventilation
MTE	Line-side & load-side VFD filters / power quality	Harmonics, long motor leads, sensitive power
Neptronic	Makeup air, fresh-air heaters, HVAC controls	Makeup air, kitchens, humidification, controls
Pyure	Air + surface purification, odor control	IAQ, odor, healthcare, gyms, waste rooms
Camus	Commercial boilers & water heaters	DHW, hydronic plants, multifamily, schools
Pentair Aurora	Commercial HVAC pumps & hydronic accessories	CHW / HHW loops, plants, condenser water
Viega	Radiant floor & snow-melt	Snow melt, radiant floors, entries, garages
Griswold Controls	Hydronic flow-control packages	Valve packages, PICVs, hydronic balance
QMark	Commercial electric heat & ventilation	Unit heat, vestibules, warehouses, electric
Berko	Baseboard, convectors, wall heaters	Baseboard, corridors, apartments, offices
Brasch	Duct coils, heat trace, wash-down / XP heaters	Duct heat, heat trace, wash-down, hazardous
Berner	Architectural, commercial & industrial air curtains	Entries, docks, cold storage, restaurants
Design Architectural Heating	Draft barriers, pedestal heaters, convectors	Lobbies, storefronts, glass, draft control
